Village of New Holland
10 E. Front St.
New Holland, Ohio 43145
740-495-5097

**********WATER MAIN BREAK**********

April 01, 2026

The whole village water service will be shut off for approximately 1-2 hours while the water line is being repaired.

We are unable to shut off the main valve to the area due to the shutoff valve being buried in concrete by a paving company.

Furthermore, we will advise of any Boil alerts.

Thank You
